SYMMETRIES IN GAUGE THEORY & GRAVITY

Tuesday, 28 August 2018

13.30-15.00: Lecture Series 1

Symmetries and the IR structure of gauge theories; A review

Thursday, 30 August 2018

13.30-15.00: Lecture Series 2

Covariant phase space method and its applications in gauge theories

Tuesday, 4 September 2018

13.30-15.00: Lecture Series 3

Asymptotic symmetries of QED and the Strominger's IR triangle

Thursday, 6 September 2018

13.30-15.00: Lecture Series 4

Soft dressing and the IR-finite S-Matrix

Place : IMBM Seminar Room, Bogazici University South Campus
